Special Offering for Building Repairs

Sometime you can see the repairs needed in our building, and sometimes you can't easily see the needs. This year we have needed repairs that you may not see, but you can feel. We have two major air conditioners that are no longer working and cannot be repaired. One air conditioner is in the auditorium, and one is in the fellowship hall. These air conditioners are twenty plus years old and have served us well, but this summer has put a strain on them.

Our other major issue is our roof and the need for additional gutters. We have some insurance funds to help with the roof repairs, but our deductible is extremely high. In addition our gutters were not originally well designed, and we need to add additional gutters to drain the roof properly and try to prevent leaks inside the building.

Unfortunately both projects are extremely expensive. Our goal for the October 15th special offering is \$84,000. Please pray with us for the Special Fall Offering for the building repairs.

Thank you!
 Thank to all involved in the honoring of Bob and myself. Bob and I started it, but even in the beginning and through out the years so many people have been important to the growth of the congregation. However, any success has been due to the grace of God. There is one important lesson here, God can use men with feet of clay to do His work.
