

I KNOW THE NAME...

But I can't place the face. Soon you will be able to attach a face with the name.

We are in the process of changing over to a new church database, and we need to update the pictures of our members. The photos will be individual photos, but you can also have a family photo if desired. If you would like to place your own photo with your information in the database, that will be possible as well. Our goal is to get everyone's photo into our new database.

We will start taking photos on Sunday, October 30th, and continue over the following few weeks. Photos will be taken after church service and during classes. It shouldn't take long so you will still be able to attend your class. We have converted one of our offices into a "photo studio". You will be able to enter the first door to the left of the main office door. Just follow the signs and SMILE.
